

Prep

Prep Montessori
International Kindergarten

OUR PROCESS:

- ✦ Provides a safe and carefully prepared learning environment in natural surroundings
- ✦ Builds personal and joyful relationships between teachers and children
- ✦ Follows the UK Early Years Foundation Stage (EYFS) curriculum, taught using fun and creative activities
- ✦ Embraces Montessori and child-centered methods in early learning
- ✦ Recognizes the uniqueness of each child
- ✦ Offers opportunities for active learning through play and exploration
- ✦ Teaches in English, Thai and Chinese languages

“Play is the Language of Kids”

Children's desire to play is fundamental to their process of development and learning. That's why **we take play seriously at Prep** and build it into all parts of our learning program.

“Independent Learner with a Love of Learning”

Prep gives children the **motivation to learn by themselves**. Teachers prepare the classroom so that children can be **focused and successful** in their tasks and feel **the joy of being engaged** in their learning.

MONTESSORI APPROACH

The Montessori Approach used at Prep gives children opportunity to:

- ✦ Choose their own tasks and express themselves through their play
- ✦ Be busy with hands and brain together
- ✦ Build independence and concentration
- ✦ Promote self-discipline and gain a sense of ownership of their learning

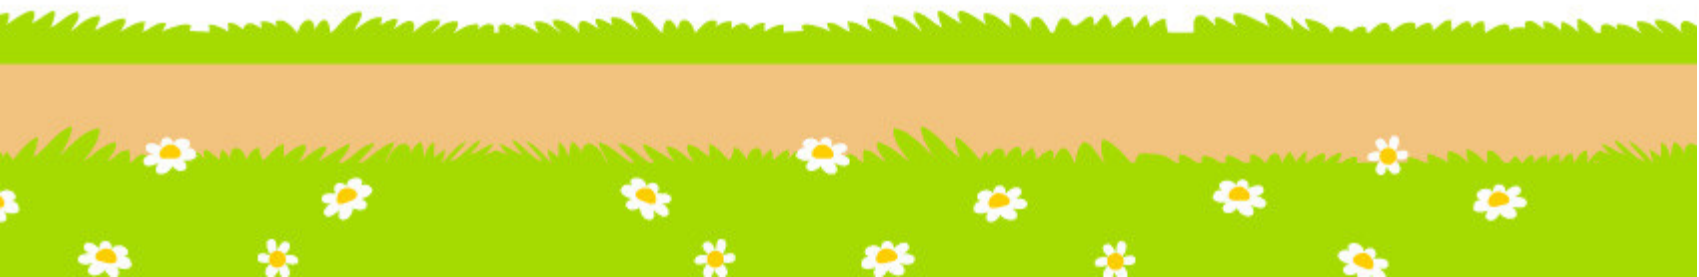

The approach makes use of **carefully designed toys** which raise a child's awareness of core learning concepts and also develop broader skills and virtues like:

- ✦ Fine-motor control
- ✦ Focus and determination
- ✦ Compassion and patience with others
- ✦ Responsibility for their environment
- ✦ Faith in their own problem solving ability

Above all, Montessori creates within children the joy of being able to **follow their aspirations and ambitions** and be absorbed in their chosen activity.

LEARNING CORNERS

The afternoon Learning Corners activity draws from the Montessori tradition of letting children from a broad age range **learn together**.

It provides children with some real **freedom in learning** and promotes socialization in the classroom.

During Learning Corners teachers are able to work closely with small groups of children and cater to **children's specific needs**.

Tell me and I forget,

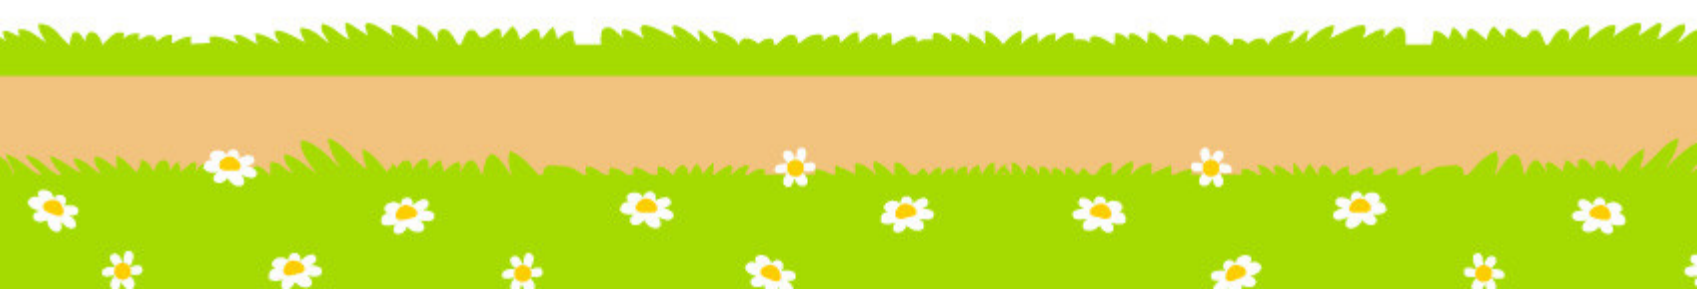

Show me and I remember,

Involve me and I learn.

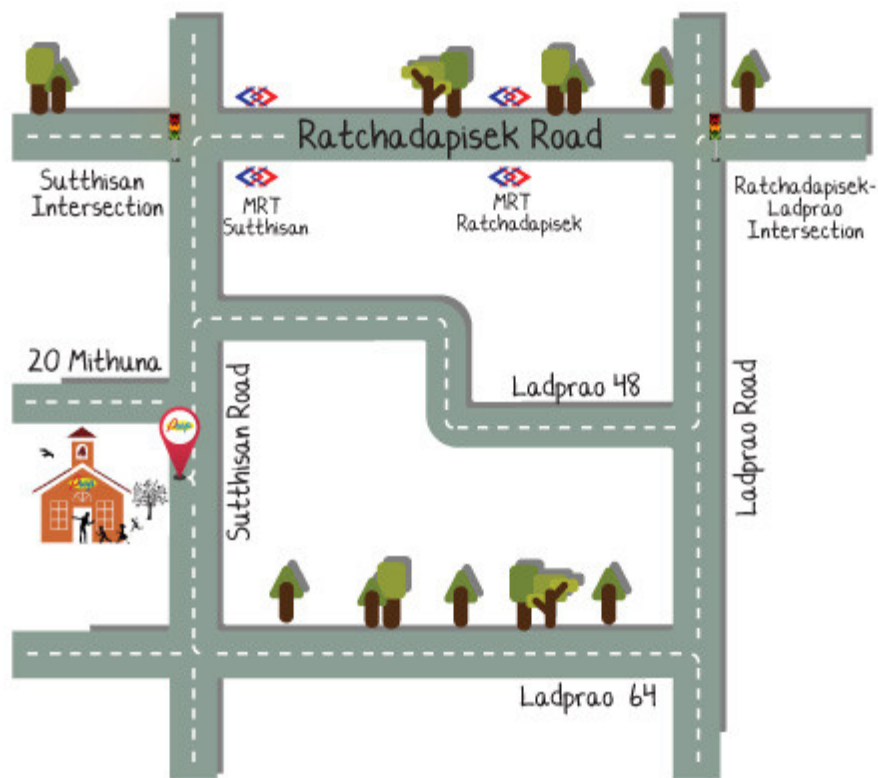

Please visit our website for more information about our learning programs and teaching methods.
